Tennis

ABOUT ME

I'm a first year Software engineering student at Kaunas University of Technology and a self-taught web developer. I have a huge passion for programming, and strive to get more knowledge and experience in this field. I'm hardworking, relentless and persistent - I never leave a job undone.

EXPERIENCE

2023 07 - 2023 09
WEB DEVELOPER INTERNSHIP
TELTONIKA IOT ACADEMY

- During the internship I learned a lot of new web dev technologies, testing, writing documentation, and overall it was a very valuable experience.
- Even though my position was frontend, I got to work on API with Express.js, SQLite and Socket.io.
- I have learned to work with the companys GitLab standard workflow.

2021 10 - 2022-07
VOLUNTARY MILITARY TRAINING
Lithuanian armed forces

- In training I have learned that nothing can't be achieved without hard work. The military taught me discipline, independence and raised my confidence. The most important skills I took from the training is leadership and working in a team.
- In the end of the training I was awarded a military rank promotion, for my hard work and great results.

SKILLS

FRONT-END	BACK-END	OTHER
HTML	Express.js	Git
CSS	Socket.io	GitHub
Javascript	SQLite	Gitlab
Vue-router	Postman	
Vuex		
Vite		
Tailwind
